

6803 MULTILEC INDUSTRIAL OIL
Energizer Philippines, Inc.
Mandaue, Cebu
Ingersoll Rand Air Compressor

CUSTOMER TESTIMONIALS

Customer Profile

Energizer Philippines is a leading manufacturer of Energizer® batteries in the Philippines.

Application

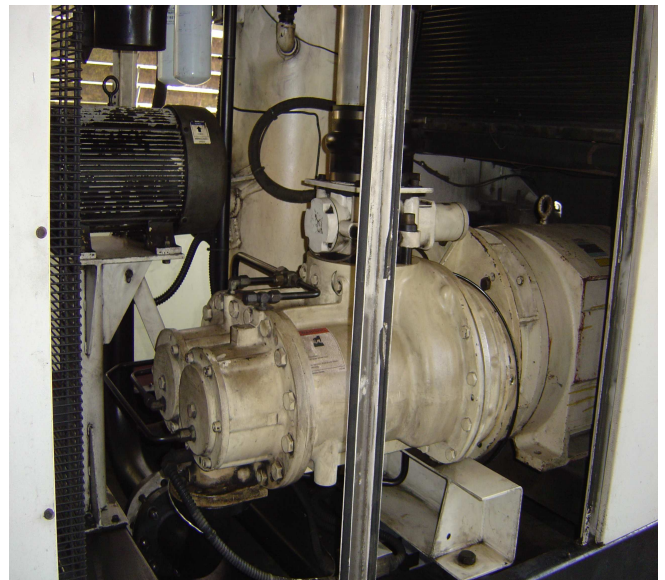

The plant uses two (2) units Ingersoll Rand 200 Hp Model SSR – XF 200 Screw Type Air Compressor and one (1) unit Piston type air compressor. These air compressors provide air services to the entire production of the plant.

Area of Concern

The air compressors are a major concern for the maintenance personnel due to high operating temperature and electrical loads. The units are exposed to heat especially during summer months.

LE Solution

LE Representative Romy dela Peña recommended LE 6803 Multilec Industrial Oil to Engineering Manager Art Alipante and Maintenance Supervisor Giovanni T. Sy. LE 6803 Multilec Industrial Oil is design to reduce operating temperature, less wear and extend drain interval.

Leaders in Lubricants

LE LUBRICANTS, INC.

www.lelub.com.ph

www.le-international.com

After several meetings and discussions, they decided to try LE 6803 Multilec Industrial Oil in IR Screw Type Air Compressor Model XF – 200.

Customer Cost Savings

LE 6803 Multilec Industrial Oil was filled in the two units Ingersoll Rand Air Compressors to eliminate the chance of oil mixing. Operating temperature were reduced by 10 – 15°F and the drain intervals were extended to almost 2 years. The cost of LE' 6803 is 30 per cent lower than the oils recommended by the manufacturer.
